Sara Paretsky follows her instant New York Times bestseller *Fallout* her most widely read novel in years with an extraordinary adventure that pits her acclaimed detective, V.I. Warshawski, against some of today's most powerful figures.

Legendary sleuth V.I. Warshawski returns to the Windy City to save an old friend's nephew from a murder arrest. The case involves a stolen artifact that could implicate a shadowy network of international criminals. As V.I. investigates, the detective soon finds herself tangling with the Russian mob, ISIS backers, and a shady network of stock scams and stolen art that stretches from Chicago to the East Indies and the Middle East. In *Shell Game*, nothing and no one are what they seem, except for the detective herself, who loses sleep, money, and blood, but remains indomitable in her quest for justice.

Shell game - Wikipedia The shell game (also known as thimble rig, three shells and a pea, the old army game) is portrayed as a gambling game, but in reality, when a wager for money is made, it is almost always a confidence trick used to perpetrate fraud. In confidence trick slang, this swindle is referred to as a short-con because it is quick and easy to pull off. The shell game is related to the cups and balls.
